

# Important Meeting for Community Services Workers

22 September 2008

**Dear Community Services Worker**

Following on from our last (very well attended) meeting on 22 July 2008 we invite you to join other workers across your sector to-

- generally discuss progress on and future directions of your *Strong Community Healthy State* campaign;
- focus on what you (at the 22 July meeting) identified as key campaign areas you wish to focus on – building an active membership to win your campaign, getting other workers to sign a letter to State Government, collecting case studies and getting media ready;
- talk about building social inclusion federally – your campaign on the national front including information on recent and upcoming delegations to federal parliamentarians;
- hear about next steps in your *Safe Workplaces, Healthy Community – Building Community Sector Health and Safety* project; and
- hear about upcoming regional SCHS meetings.

***We would love you to join other workers in the sector  
and hope you can make it.***

Please let Gail know (contact details below) if you can attend. If you are in a regional area, teleconference facilities will be available.

**When:** from 5.30pm to 7.00pm on Tuesday 30 September 2008
